2GB WALKMAN MP3 player with direct USB and 3 line LCD colour screen

Variations

NW-E015

Features

Please be aware that the features/specifications can differ from country to country.

- 2GB with capacity of upto 1300 tracks
- Direct USB plug for ease of use
- Lithium-ion rechargeable battery with great Stamina of 30 hours
- Clear Stereo & Clear Bass sound enhancement systems for superb sound quality
- Bright and clear 3-line LCD Colour Screen display for easy navigation and to see CD cover art
- High speed battery charge: 3 hours in just 3 mintues!
- ATRAC, MP3, AAC (non DRM) and WMA (non DRM) compatible
- SonicStage 4.3 software for easy music management and transfers of your favourite tracks
- *This player is designed to seamlessly work with the Sony Connect Europe Music store only, which will close after March 2008. Use with any source of legitimate download offerings in compatible, non-protected formats (eg. MP3) remains unaffected.
